Arbors

All vinyl fences are not created equal. Take a look at what sets Bufftech apart.

- Routed Rails**
- Fence section can be racked to follow the slope of the terrain
 - Precision routed for a clean, professional finish
 - Ensures a safe, secure picket attachment with no unsightly glue or screws

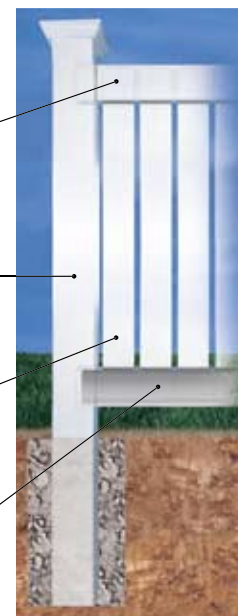

- Routed Fence Post**
- Superior aesthetics to unsightly brackets and screws
 - A more secure connection that allows for thermal expansion season after season

- Heavyweight Pickets**
- Provide superior impact strength and resist the warping and oil canning found in flat panel fence
 - Offering includes both profile and tongue & groove designs

- Steel Reinforced Bottom Rail**
- Eliminates sagging and bowing, producing a stronger fence
 - Hour-glass design grips the end of pickets to add stiffness
 - Classic style

*Offered with privacy, semi-private and contemporary fence styles

A full line of vinyl products

This guide provides a quick and easy reference on Bufftech's extensive line of vinyl fence products. You have a choice of colors, styles, textures, heights, pickets and post caps, allowing you the flexibility to create the look you want to complement any property.

Cost comparison

Cost includes fence price averaged over 20 years plus maintenance and repair costs. Cost is expressed as a percentage.

Your Bufftech vinyl fence cost over 20 years is constant because there are virtually no maintenance and repair bills. Wood or metal fences may be less expensive initially, but become more costly than vinyl fence as repair and maintenance costs accumulate.

ICON LEGEND

COLORLAST™ DARK COLOR FADE PROTECTION
